9 ROBERT HEARD,

10 Plaintiff,

11 v.

12 JAMES ROBART,

13 Defendant.

Case No. C18-0261RSL

ORDER OF DISMISSAL

14 On February 28, 2018, plaintiff was directed to show cause why the claims he has
15 asserted against a judicial officer for decisions made while performing adjudicative functions
16 should not be dismissed. Having reviewed plaintiff's response, the Court finds that plaintiff has
17 not alleged or identified any basis for his complaint that does not involve defendant's judicial
18 determinations. The defendant is absolutely immune from liability for acts done in the exercise
19 of his judicial functions and that this immunity protects him from exposure to the litigation
20 process in its entirety. Plaintiff's claims are, therefore, dismissed with prejudice.
